

sij | SUZ

The best things in
the world contain Slovenian steel

SUZ

Production program:

SUZ is a cold drawn and ground steel bars, and wire manufacturer. The product range comprises round, hexagonal, square and special shapes.

Steel bars and drawn wire made of:

- Stainless steel
- Free cutting steel
- Unalloyed steel
- Structural steel
- Tool steel
- Case hardening steel
- Steel for quenching and tempering
- Steel for cold heading

Metal products

SUZ also manufactures finished products, semi-products and spare parts on classical lathes and modern universal MAZAK lathing centers.

- Finished products, semi-products and spare parts made of:
- Free cutting steel
- Stainless steel
- Aluminium
- Copper
- Other materials, which can be reshaped with cutting

Quality assurance

SUZ is ISO 9001:2008 certified manufacturer of drawn and ground steel bars.

STEEL BARS AND WIRE

Delivery conditions

Types of steel in our production programme

Bars

- round: 2 mm - 120 mm
- hexagonal: 5 mm - 50 mm
- square: 5 mm - 50 mm
- special profiles

Wire

- round: 1 mm - 45 mm
- special profiles

Bars

- cold drawn: h8 - h11
- peeled: h9 - h11
- ground: h6 - h11
- hot rolled

Wire

- cold drawn wire
- wire rod in coils

Bars

- free-cutting steel
- case hardening steel
- steel for cold heading and cold extrusion
- steel for cold heading and case hardening
- steel for quenching and tempering
- tool steel
- steel for welded round link chains
- structural steel
- stainless steel

Wire

- stainless wire
- wire for cold forming
- soft annealed wire
- galvanised wire
- wire for special purposes
