

Mill Depot Warehouse Offering
Stainless & Tool Steel Plate & Long Products.

A Different Kind of Mill Experience

At SIJ Americas, our focus is simple:

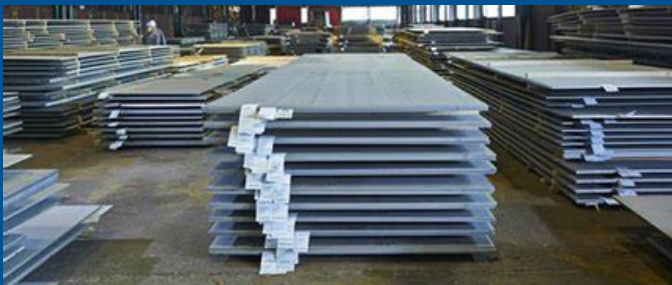

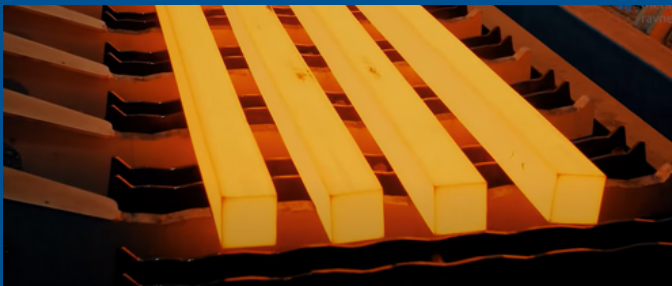

- **Quality DFARS Products- On Time, Every Time-** Our extensive inventory provides you quick access to a wide breadth of products available for next day pick up or shipment.
- **Creative, Flexible Programs-** Let us help you meet your days on-hand requirements and other KPI's while ensuring you have material available to meet your customer requirements. Together, we can forecast your demands and create JIT programs like VMI and Stock & Draw.
- **Helpful Customer Service-** with our new warehouse ERP system, we provide real time updates on orders, daily stock lists and satisfy your billing requirements.

Centrally Located

Whether you need a few bars or a few truckloads, our centrally located warehouse, 25 miles Southwest of Chicago is ready to ship to you, with over 4,500 tons in stock.

Premium Steel

Our premium stainless & tool steel is made at SIJ Group's two Slovenian mill locations, SIJ Metal Ravne & SIJ Acroni
