

POSTOPEK NOTIFIKACIJE OČITNIH NAPAK NA BLAGU

v01/11 2025

I. Pregled blaga ob prevzemu

Ob prevzemu blaga mora kupec preveriti količino artiklov, stanje blaga ter morebitne vidne poškodbe embalaže.

II. Postopek v primeru očitnih napak

V primeru očitnih napak (npr. odstopanja v količini, napačni artikli, poškodovano blago ali embalaža, razsuto blago ipd.) je kupec dolžan:

- vse napake zapisati na CMR tovorni list (mednarodni transport blaga) ali Dobavni list (notranji transport blaga)
- nemudoma pisno obvestiti prodajalca
- priložiti fotografsko dokumentacijo napake.

III. Pravne posledice

Če kupec ne izpolni zgoraj navedenih obveznosti, se šteje, da je bilo blago prevzeto brez očitnih napak, prodajalec pa je oproščen vsakršne odgovornosti za take napake.

PROCEDURE FOR THE NOTIFICATION OF OBVIOUS DEFECTS IN GOODS

v01/11 2025

I. Inspection of the goods upon acceptance

Upon receipt of the goods the Buyer is required to verify the quantity of items, the condition of the goods, and any visible damage to the packaging.

II. Procedure in case of visible defects

In the case of apparent defects (e.g. quantity discrepancies, incorrect items, damaged goods and packaging, spillage, etc.), the Buyer must:

- record all such defects on CMR consignment note (for international transport of goods) or Packing list (for domestic transport of goods)
- to notify the Seller without delay in writing
- provide photographic evidence of the issue.

III. Legal consequences

Failure to comply with the above requirements shall be deemed as acceptance of the goods without apparent defects, and the Seller shall be released from any liability for such defects.
